TELEGRAMS

By direct cables via Lisbon.

London, 18th—In yesterday's Cabinet Council it was decided to liberate all the political prisoners in Ireland, excluding those who had attacked life and property.

No decision was arrived at as to Morley's project for dealing with the magistracy in Ireland, as it will be included in the Home Rule Bill to be submitted to Parliament.

Berlin, 28th—It is known that Government has officiously asked the Catholic members of the Reichstag, who will take part in the Catholic Congress at Strassburg, to avoid any allusion to the Temporal Power and the attacks on Italy, which would cause a bad effect on a country which is an ally of Germany.

London, 28th—Great storms in the Atlantic, and fears for the fate of many steamers at sea.

Mr. Chamberlain has written an article in the *Nineteenth Century* in which he declares that the Conservative Party deserves defeat for its negative course on the Working Classes question.

He also makes pessimistic forecasts as to the new Government, which he thinks will not be able to overcome the difficulties in the way of its reform programme.

Rome, 28th—The Pope's attitude towards France continues to excite dissatisfaction amongst the prelates, and the Jubilee pilgrimages are expected to be less numerous than hoped for, owing to the Papal policy.

Vienna, 28th—A visit of Emperor Francis Joseph to King Humbert in Rome is being negotiated with a chance of success.

It is believed that on his recent visit Emperor William persuaded him that his visit should be returned at once, to counteract the effect of the French squadron going to Genoa.

Rome, 28th—A Sicilian adventurer presented himself as Minister for San Salvador, but escaped before the police could arrest him.

Vienna, 28th—A fire broke out in the jail here, and several prisoners escaped in the confusion.

Madrid, 28th—The Ministers of Finance and the Colonies persist in resigning, and it is thought the Ministers of Fomento and Finance will also resign.

Paris, 28th—Colonel Dodds is within two days' march of Abomey. His communication with the coast is secured.

Turin, 28th—Minister Brin delivered a speech here yesterday on the Pacific condition of Europe, which would enable the Government to attend to the improvement of the finances.

The speech did not answer expectations, and will, it is feared, cause a bad effect in France.

(Per Havas Agency.)

Paris, 28th—Last night the Deputies threw out by 324 votes to 198 the proposed amnesty for the leaders of the riots at Carmaux.

Berlin, 28th—The Reichstag is summoned for the 22d prox. The opening of the session is anxiously looked for, to see the fate of the Military Bill.

Sophia, 28th—The Bulgarian Parliament was opened this evening. Nothing important in the speech from the Throne.

Vienna, 28th—The Austrian Ambassador in Berlin will retire on a pension.

Budapesth, 8th—The Austro-Hungarian Delegations have voted the Budget and adjourned.

Rome, 28th—At a banquet in Turin last night, Brin, Minister for Foreign Affairs, delivered an important speech, in which he said that Italy's relations with all Powers continued to be cordial, especially with Germany, Austria and England, in spite of the change of Cabinet in the latter.

(To the "Prensa".)

London, 27th.—The Conservative papers do not object to the proposed liberation of the Fenian prisoners, but think that Dr. Gallagher and the others who took part in the explosions in London, Manchester and Glasgow should not be included in the amnesty. The *Telegraph* calls them "humau monsters", and defies Government to pardon them.

The efforts for arbitration in the cotton-spinners' dispute with their men have as yet come to nothing.

Mr. William R. Kennedy, Q. C., has been raised to the Bench vice Mr Justice Denman.

Sir John Lubbock's report on English trade shews a lesser falling-off with the United States than with other countries. He says Great Britain will never adopt bi-metallism.

It is said that the Prince and Princess of Wales and the Duke of York will visit the Chicago Exhibition.

Pleuro-pneumonia has broken out in some cattle from Canada landed at Dundee.

Mr. Chamberlain has written to the Anti-Slavery Association condemning the evacuation of Uganda as cowardly and foolish, as other nations will seize the territory.

The *Telegraph* denies that the Queen is suffering from insomnia.

Archbishop Walsh of Dublin has given £50 to the Evicted Tenants' Relief Fund.

The several petitions for a writ of "habeas corpus" in Mrs. Maybrick's case have been delivered to the Home Secretary.

Mr. Gladstone has yielded to the advice of his physicians, and will only attend the House of Commons on important occasions.

Meddler won the Dewhurst Stakes at Newmarket to-day; Raebirn 2nd; Buckingham 3rd.

A heavy gale is blowing on the English coasts.

The War Office is in possession of the drawings of the new French Melanite gun, capable of bombarding Dover from Calais.

FINANCES AND CURRENCY.

The annual report published by Dr. Latzina for the year 1891 has just appeared and contains some returns of general interest. The revenue of the Republic has grown since 1870 as follows:—

	$ currency	$ gold
1870....	—	15,330,000
1875....	—	17,780,000
1880....	—	20,250,000
1885....	38,550,000	28,600,000
1890....	73,150,000	29,260,000
1891....	77,400,000	20,700,000

Since 1870 population has risen 110 per cent, but revenue only 33 per cent. The average of national revenue per inhabitant in 1870 was 8$ gold, and is at present only 5$, but the people feel the weight of taxation much more now than 20 years ago. We need not go far to find the reason. The provincial and municipal taxes in 1870 were very light; wine and sugar were cheap, for in those days Protection theories had not been proclaimed; and the epoch of fraud and Free Banks had not begun.

The advance of the National debt since 1870 is stated by Dr. Latzina as follows:

	$ gold	£ sterling
1870.....	47,500,000 =	9,400,000
1875.....	82,900,000 =	16,400,000
1880.....	86,300,000 =	17,000,000
1885.....	118,400,000 =	23,500,000
1891.....	360,200,000 =	71,500,000

The great piling up of public debt was in the last 6 years, which shew an increase of $242,000,000 gold or £48,000,000 sterling, with nothing to shew for it but the unfinished Madero Docks: the waste of public money was about £7,000,000 sterling per annum. The national debt on Dec. 31st 1891 shewed thus:—

	$ gold	£ sterling
Foreign Debt	135,600,000 =	27,000,000
Internal.....	224,600,000 =	44,500,000
Total.....	360,200,000 =	71,500,000

The above, however, is exclusive of $38,500,000 (currency) of internal debt, of which 37,300,000 belongs to the Patriotic Loan of June 1891.

The amount of paper-money in circulation on March 31st 1892 was:—

Bank	$ currency
National.....	90,020,000
Provincial, B. Ayres.	57,920,000
Cordoba.....	15,550,000
Santa Fe.....	15,090,000
Entre Rios.....	8,530,000
Tucuman.....	4,000,000
Salta.....	4,430,000
Santiago.....	3,770,000
Corrientes.....	3,160,000
Mendoza.....	3,000,000
Catamarca.....	2,390,000
Rioja.....	3,000,000
San Juan.....	1,660,000
San Luis.....	630,000
Private banks.....	1,750,000
National Argentine..	3,000,000
Treasury notes.....	40,000,000
Total.....	257,900,000
Withdrawn.....	2,600,000
Actual issue.....	255.300,000

The above, however, is exclusive of $13,500,000 small notes issued by Government, bringing up the total to nearly 269 millions. We cannot say whether the "clandestine issue" of $18,500,000 is included.

In an appendix we find the prices of real estate in the various parishes of our city as follows, per square metre:—

	1890.		1891.	
	$ m/n	$ gold.	$ m/n	$ gold.
Merced....	206	82.0	227	62.0
S. Ignacio...	181	72.0	206	56.0
S. Miguel...	221	88.0	158	44.0
S. Nicolas...	105	42.0	114	31.0

Socorro ...	98	39.0	92	25.0

Concepcion	54	21.0	45	12.0
Balvanera..	35	14.0	27	8.0
S. Cristobal	13	5.20	7	2.0
Recoleta....	26	10.40	19	5.20
Boca	13	5.20	24	6.60
Barracas....	18	7.20	10	2.70
Flores	3	1.20	2	0.55
Belgrano...	4	1.60	2	0.55
Average....	13	5.20	10	2.70

In San Miguel and some other central parishes the value (in gold) shewed a fall of 50 per cent, and in the suburbs of Belgrano, Flores and Barracas the fall was still greater. The Boca is the only parish which shewed a rise.

TRENQUE-LAUQUEN TRIP.

Mr. Roberts, the general manager of the Buenos Ayres Western Railway, left the Once by express train on Thursday morning at 7 a.m. having invited a few friends to accompany him in a survey trip over the line to its present terminus at Trenquelauquen. The weather was most particularly unfavorable; it was a cold blustering misty morning, and very many of the gentlemen invited kept telephoning at that early hour their inability to attend; the train was kept back 10 minutes waiting for Mr. Maschwitz from La Plata, but he did not come, and our party was reduced to six and consisted of the following:—

Mr. Roberts, general manager.
Mr. Adams, resident engineer.
Mr. Pinsent, of London, Director of the British Bank of South America.
Mr. Hunt, manager of the Buenos Ayres and Rosario Railway.
Mr. Thurburn, manager of the London and River Plate Bank.
Mr. E. T. Mulhall, of the STANDARD.

The morning was so dreary, as we passed through all the beautiful 'quintas' of Caballito, Flores and Moron, that we saw nothing much to admire, save the generally improved aspect of the road since it became English property; the straggling posts and wire fences have been all removed and the line is shut in now on both sides by a high screen fence through which nothing can pass and which must have cost the Company a good deal of money; but it is always a great protection to its property. Along the line as far as Ramos Mejia and Haedo, the place is so built on that it is but one succession of "quintas" and country residences, and at this point there is a junction which connects the main line with La Plata, a branch, which was started many years ago by the Provincial Government, the then owner of the line, to direct the wool and other produce from the Plaza Once to La Plata; but the scheme failed, and we very much doubt if this Haedo branch is to-day of much utility. Moron is just the same as ever, if we except Ohio Park, once the beautiful residence of the late Mr. Coffin and now cut into chacras in the hands of Italians. From here to Lujan it is pretty much all chacras, and I don't think we saw a flock of sheep until we reached Mr. Nicholas Lowe's estancia and Mrs. Achaval's alongside. As we went by express train we stopped nowhere, having our own cook and provisions in the train and a Pullman dining car fitted up most luxuriously, besides that a drawing room and sleeping apartments. We doubt if the Shah of Persia ever had anything better. By the time we arrived at Chivilcoy, we were all very hungry and all ready for breakfast, which was served up in Café de Paris style; and just about now the rain began to cease.

Most of our readers are so familiar with the country and the route of the Western Railway as far as this point that it is unnecessary to say much about the camps around. Chivilcoy is, and has been for the last 30 years, the head centre of our wheat districts, and it is just 26 years ago since we attended the inauguration of this very railway to this point. Don Adolfo Alsina, the then Governor of Buenos Ayres, gave a banquet in Chivilcoy to celebrate the occasion, and silver medals were struck, of which one exists in the Standard "Museum."

The sad accident which occurred in the train, resulting in the death of Mr. ——, Belgian Consul, may still be remembered by a few of our readers, and it has taken 26 long years to continue this railway to its present terminus, Trenquelauquen, which is not much to boast of for the Government of Buenos Ayres. We point to the matter merely to show that in 10 years, that is to say, from 1856 to 1866, the old Government of Buenos Ayres, without a cent of capital and solely out of the earnings of the road, built the line to Chivilcoy, the most difficult and most expensive part of the whole line, whilst it took the subsequent Governments of Buenos Ayres 26 long years with loans, mortgages and every possible method of raising the wind, and with it splendid earnings from Chivilcoy, to run it out through the cheap level track to Trenquelauquen and then burst up and sell the line, since neither the Government nor the earnings of the Railway were able to pay the mere interest on its debt. So unexampled a piece of mismanagement calls for greater remark than we can here afford. Mr. Roberts informs us that for ten leagues on either side of the Railway hereabouts it is nothing but wheat and maize, and the goods' traffic is so great that oftentimes they start 250 waggons in a day. The last maize crop surpassed very expectation, and there are still 40,000 tons to be exported. One hundred thousand bags have gone up within the last few days to Buenos Ayres, and there are still 300,000 bags in the deposits around the station. From Gorostiaga to Alberti, a distance of 45 kilometres, the whole country on both sides of the Railway, 10 leagues deep on each side, is covered with chacras, which are every day extending. The once far-famed estancia of Gorostiaga will soon be one vast chacra. At the Larea station Mr. Unzue is cutting off several leagues of land to form a new colony, and from here to the 9 de Julio, a distance of 75 miles, the whole country is under cultivation, Bragado is a thriving, prosperous place and owes its vitality to the plough. From this point the Western Railway will run its new branch to Lincoln, which is another very rising district with rich black soil more suited to the chacrero than to the estanciero. At Dennehy and Olascoaga there is great agricultural industry going on, and around each little railway station there is a colony. Mr. Gardner B. Perry, the well-known American merchant, has a nice estancia hereabouts. We looked for it but could not see it; we believe it is not visible from the railway. At the station Casares we could see the estancia house on the splendid property which Mr. Bullrich will sell by auction in a few days. This estancia was started many years ago by Mr. Carabassa the banker, who spent a good deal of money on it and complained that the place never gave him 1½% on his money. It is stocked with the best cattle and sheep, but to our mind it will in another lustrum be all wheat and maize. The late Dr. Lausen had also a large estancia here which has passed into the hands of Baron Hirsch for the benefit of the Jews; but we very much doubt if the descendants of Abraham will ever make good farmers, and Mr. Hunt, the manager of the Rosario Railway, told us that the Jewish colony at Palacios on his line of railway has proved a failure and that he is now taking the Jews from there by train to make a fresh start in Entre-Rios. Mr. John Campbell, has also a very fine estancia hereabouts where he breeds splendid carriage horses: some of his marks may be seen of an evening in Palermo.

Wonderful to say, although we are now getting into very outside camps, we seem to be getting thicker and thicker into chacras. Mr. Pinsent, who has just arrived from London in the Magdalena and who is connected with some of our banks and some of our greatest industrial enterprises, was perfectly astonished at the immense green fields of wheat that seem to stretch to the very horizon. One sees nothing of the kind in Europe, as here we have for leagues and leagues a single unbroken wheat field.

We now enter on the magnificent Drysdale properties, three splendid estancias all together, covering from 12 to 15 leagues of land; and here also the same change is going on. When started, the place was made a first-class sheep and cattle farm, with some of the best stock in the country; now, from what we could see from the window of the Railway-carriage, the land is going under the plough. The wheat looked splendid, even more lovely than the magnificent monte around one of the estancia houses, which is close to the line; on both sides they were ploughing up the virgin soil, and we noticed here what we didn't see in any other part; that the women were following the plough and sowing the maize. Mr. Thurburn, manager of the River Plate Bank, was so charmed that he wanted us to stop the train and go over to Mr. Drysdale's, house and we very nearly did so, as some horses ran before the locomotive for fully a distance of two leagues, which somewhat detained us; ultimately they rushed off at a gateway and we were able to go ahead full steam on. From here until we reached Mr. Coussandier's colony there is one immense lagoon; the Railway runs right through it. It seems another Government blunder connected with this road.

(To be continued.)

UNITED STATES.

FOUR DAYS LATER.

New York, Sept. 21st.

Immediately after Commissioner Alexander determined yesterday afternoon that he had no right to detain Francisco Gonzales on the charge preferred by the Venezuelan Government, Gonzales undertook to got his steamer, the South Portland, cleared for her destination in South America.

Deputy Collector Gunner refused to sign the papers until he had received postive order from Washington.

Last night Gonzales shipped a crew and understook to sail without the sanction of the government. Gen. Peraza, the Venezuelan Minister, heard of this and hustled about to secure a steamer to pursue the South Portland if she should attempt to get away. Meanwhile Surveyor Lyon, with several inspectors, boarded the South Portland. She had steam up, but the officer in charge protested that no one had thought of sailing without the clearance papers. Nevertheless the Surveyor placed the steamer in charge of the inspectors.

She is still at her anchorage to-day. At the office of the Venezuelan representatives, at Broadway, no news was available. If such a thing is possible Gen. Peraza will prevent the clearing of the South Portland, for if the steamer gets down to Venezuela and lands her rifles the insurgents will be able in short order to overthrow the government.

Newton Sept. 21.

The engagement of Miss Grace Wilson, daughter of Mr. and Mrs. Richard Wilson, to Hon. Cecil Baring, of London, has just been announced by Miss Wilson's parents, and is the chief subject of conversation. Mr. Baring is of the well known Baring Brothers, the prominent bankers of Europe and now of this country, and has five millions in his own right, beside his investment in his business. Miss Wilson is a sister of Mrs. Michael H. Herbert, wife of Hon. Michael H. Herbert, of the English Legation. Mr. Baring was in this country during the late spring and early summer visiting the Wilsons at their cottage just before returning to Londen. It is understood the wedding will take place in New York next spring.

Topeka, Sept. 21.

Passenger train No. 8 on the Atchison, Topeka and Santa Fé road, was wrecked by robbers three miles west of Osage City at 3 o'clock this morning.

The train consisting of a baggage, express and mail car, two day coaches, two chair cars and tree sleepers, was thrown over an enbankment three feet high and the first six cars telescoped. Four persons were killed outright and twenty-five seriously injured. The wreck occurred at a small bridge which crosses a ravine. There is a heavy down grade, and the train was running fully forty miles an hour. Men, women and children were piled over each other, caught in the seats and thrown through the windows of the car. An examination of the track was made and it was found that the fishplates had been carefully removed and the bolts taken out and spikes drawn from ties and the rail bent over to the inside.

Robbery was unquestionably the object. The train carried $1,000,000 in currency en route from Mexican Central Railway to its headquarters in Boston. In examining the ground about the wreck, a spot was found where three men had lain in the grass and tracks were found leading from this spot to the track. The section house at Barclay was broken into last night, and a crowbar, wrench and sledgehammer stolen. All of these tools except the crowbar were found, the fishplates and bolts which had been removed were also discovered. The passengers were brought to this city at 10 o'clock this morning. Some of the wounded who could not be removed were left at Osage City, and the others were taken to Christ's Hospital here.

Several of the passengers will probably die, but the attending physicians will make no statement until the extent of their injuries can be examined into.

PROVINCIAL NEWS.

DETAILS OF THE FIGHT IN SANTIAGO.

The following telegrams confirm the news published in our last in reference to the recent encounter in Santiago. We regret to say that it seems very clear that atrocities have been perpetrated, houses having been broken into and pillaged:—

Santiago del Estero, Thursday evening—A battalion of 250 men is being organized to oppose Ruiz. This step is the result of yesterday's fight, in which the forces of Gimenez and Retondo were defeated.

The news of the death of Retondo has been confirmed. It is stated, moreover, that Santos Robles, another prominent revolutionist, was also killed in the same fight.

Pedro Pardo at the head of a few revolutionists is at Gramilla. His men have no fire arms or ammunition. Orders have been issued to forward both immediately.

Ruiz's forces left Gramilla to-day. The wounded were left behind and were subsequently sent on to Tucuman by the 2 p.m. train. The Junta intends pursuing Ruiz and his men.

Recent advices from reliable sources state that Ruiz has received a fresh consignment of Winchester rifles and that he is determined to give battle on the first opportunity.

The Junta is concentrating forces in Gramilla. There is great difficulty in obtaining horses. Eighty men were sent yesterday to look for horses.

The Rojista authorities at Ojo de Agua have risen in arms against the Junta. They are said to be 150 strong. The brothers Avila too have raised 200 men.

Sixty houses were sacked yesterday in the town.

Mr. A. M San Martin, who has just arrived from Tucuman, gives the following particulars in reference to the fight at Gramilla:—

Yesterday morning Adolfo Ruiz, accompanied by Maximo and his forces, arrived at Gramilla. They were 150 men armed with Remington and Winchester rifles, and 30 men armed with swords and lances, all well mounted. They occupied the station, which had been quickly abandoned by Retondo and 40 men. Later on these forty men were reinforced by Gimenez and some 15 men. About 5 p.m., when Ruiz thought that Retondo and Gimenez had fled, shots were heard at a distance of some 5 or 6 squares. Orders were immediately given to prepare for an attack. Retondo and his men then attacked, keeping up a sharp fire. Ruiz then placed his men in advantageous positions and succeeded in surrounding the assailants, who were soon overpowered. Retondo was mortally wounded, and his men dispersed in every direction.

Retondo was conveyed to a drink-shop, kept by a man named Rodriguez, and subsequently sacked. Retondo soon succumbed. This was about nighttime. The groans of the wounded could be distinctly heard. They were all picked up and their wounds dressed. Ruiz and his men are greatly elated at their success. Four wounded men arrived by the train here this afternoon. Two of these are in a dying condition.

Retondo was a young man of 26, very active and enterprising. He was engaged in the fuel trade in Tucuman. He was born in Italy. He had a good many friends.

Santiago, Thursday evening—There was a very warm discussion to-day at the meeting of the Junta to consider the question of sending forces to oppose Ruiz. Two of the members strongly advised the Junta to await the arrival of the Interventor, but it was finally decided to organize forces to oppose Ruiz. Dr. Bravo, Chief of Police, set out immediately at the head of a few men. Dr. Bravo's instructions are to avoid an encounter until the Interventor arrives He has already 130 men, and is to join Pardo, who has 80 men. All are well armed and mounted. Ruiz and his men are 60 miles from here.

We are looking after the wounded, who are in a bad way, owing to the fatiguing journey in the train.

General Roca telegraphed to Adolfo Ruiz that all resistance was useless, since an Interventor had been named.

The deposed Governor is well pleased with Dr. Costa's appointment as Interventor.

It was rumored last night, on the strength of a telegram from Cordoba, that the Rojistas, one thousand strong, attacked Santiago and a sanguinary fight ensued. No confirmation has as yet been received of this news.

ENGLISH LITERARY SOCIETY.

Oct. 28th.

Mr. Editor,

Some time since, an article was published on the subject of the above named Society, in which the writer most truly said, that any member could obtain the full value of his subscription, by attending one of the general meetings, especially that in October.

Last year, Oct. 1891, one material rule was altered, when, as pointed out a few days after by one of your contemporaries, the majority that carried it was not sufficient, but because the then President and those opposed to the alteration were not well enough acquainted with the rules, the motion was declared carried, and the rule altered. Now, in Oct. 1892, one of the most prominent members of the committee actually moved the adoption of a report formulated by himself and his colleagues, but fortunately for the good sense of the members present, this was promptly objected to, and properly over-ruled; but perhaps the most extraordinary part of the business is, that I see the members have elected as one of the committee a member who has received payment from the committee for services rendered to the Society, and consequently by rule 25 has forfeited the right to vote or speak at any meeting. Such being the case, I hardly see how he can serve on the committee: but with regard to this matter, I can readily imagine that the committee will ignore this rule, as they have done formerly—when the rule applies to one of their own body.

With respect to the motion of reducing the entrance fee, I regret very much that I was not able to be present at the meeting to reply to Dr. Hiron on this subject. I do not think that the present entrance fee will deter new comers from becoming members, but I do think, that if a member invites a stranger up to the rooms, with a view of asking him to join the Society—the said stranger—not knowing the resources of the Society, may possibly think he is asked to support some bankrupt concern.

The floors are covered by what are called carpets, but I should say they are covered by something consisting, more or less, of holes. Many of the chairs are broken, the clerk's table is a makeshift with a cover on it that is a disgrace, and this is the state of things with a Society that has more that $3,000 in cash, earning nothing or next to nothing at all, and another $3,000 or more in someting that is termed a building fund which is absolutely useless, but which some of the old ladies of the Society cling to now, and have done so for many years past, as the nucleus of something to build premises with. Such premises will never be built by the English Literary Society, and it would be wise on the part of the Executive to make their lodgings a little more presentable.

I am, Dear Sir,
Yours faithfully,
Interested.

QUILMES.

Mr. Editor—

The statement which you made in your issue of yesterday in connection with the laying of the foundation stone of the new Anglican Church at Quilmes on Tuesday next is apparently misleading when you say "the Protestant inhabitants of Quilmes will be able to follow in the footsteps of Lomas and have their own church and attendant vicarage"—whereas it is well known to many that Quilmes has already been blessed with a Protestant church for the last five years, and with a resident Pastor for the last three. We will, therefore, soon be the happy possessors of two of each.

Protestant.

All sorts of new and startling novelties will be found at the Kermesse to-night and to-morrow, which will be positively the last day.

POISONING THE DOGS.

Mr. Editor—

Can you inform me what is the poison the police are using to destroy the dogs in this city, and is there an antidote?

Will you kindly insert this and the answer in your paper, if you have room, so that those who have dogs and which may be so unlucky as to fall into the hands of the executioner, can be saved if taken in time.

I believe salad-oil is very good if given in large quantity.

Yours truly,
A Zoo.

GEORGE WILLIAM CURTIS.

He criticised men and things with strict impartiality, and never refused to give up what he had found to be his own error.

As he was the ideal independent, so he might well have been called the finest type of the American gentleman. He was proud of his country, and yet never boastful. He would have stood in the company of Kings without embarrassment, but also without making the least demonstrative display of his ease. He was not ashamed of not being rich. He possessed that true politeness which consists in an instinctive regard for the feelings of others. His refinement of manner was genuine because it was free from all self-consciousness and affectation, and sprang from true kindness of heart. No coarse utterance crossed his lips because no coarse thought or sentiment crossed his soul. He made his inferiors feel at home in his presence by recognizing their merits without oppressing them with condescending superiority. He was a distinguished man in the most distinguished society, moving in it with unpretending simplicity. When we think of the men whom we would point out as models to our youth at home, or whom we would have looked upon as representative American gentlemen before all the world, George William Curtis will surely be thought of in the very first line.—*Harper's Weekly*

CONGRESS.

THE DEPUTIES.

Dr. Gilbert took the chair at 3 p.m.

The $50,000 asked for the Misiones Boundary Commissioners was voted.

The Special Committee on Judge Pizarro's case reported that what the *Prensa* had published was a breach of privilege; and Judge Pizarro should be summoned to appear at the bar, at the next sitting of the House, to explain his conduct.

The House rose at 4 p.m

EDITOR'S TABLE.

Interventor Dr. Costa started yesterday for Santiago del Estero to try his most mellifluous diplomacy on the angry patriots there. Should he fail, General Arias will sail in with the 3rd Regiment of the Line and apply a little blood and iron to bring them to reason. Knowing the persuasive powers of the ex-Minister of Foreign Affairs, however, we consider that there is no likelihood of his failing in his mission of peace and political good will.

The Anglo-American Society hold their half-yearly General Meeting to-night at 351 Maipu, to elect officers for the next six months. The hour is 8.30.

The new Skating Rink is splendid. We drank Mr. Harris's health there last night. It ought to be a great success. Invitations have been sent out for to-night also; and to-morrow night Mr., Mrs. and Miss General Public can put down their money and enjoy life on the rolling skate till they are tired.

Whew! We heard late last night that the Santiago del Estero scuffle is going to end as follows:—Governor, Lazar or Carol; Senators to Congress, Rojas and Villar. Ye gods and little fishes!

There was a queer rumour afloat last night to the effect that the Modernists in the Senate oppose Minister Romero's plan to put the liquidation of the National Bank in the hands of the Bank of the Nation; and also the new Board proposed for the latter.

President Pellegrini had to be turned out of his own auction mart yesterday by his partner Mr. Lagos. He dropped in to look on at the sale of horses; but the bidders kept looking at him and forgot their bids; so Mr. Lagos implored the ex-President to mizzle, which he did at once, and the bids flew up again like rockets.

What STANDARD luck! The "boletero" of the Folies Forlet reads every line in this paper every morning before breakfast. Last week he met with a heavy loss, $8,000. On Thursday he won $14,000 of the big prize in the Beneficencia Lottery. The clearest case of S. I. on record.

The *Sud-Americano* is not going to reappear. The new paper is *La Ilustracion Sud-Americano*, and has nothing to do with the old one.

A young lady with $12,000 fortune is on the look-out for a consort, and calls on the men to propose by means of an advertizement in an evening contemporary. No aspirant for her hand, heart and dollars need apply unless he is as poor as a rat.

There will be a members' game on the Belgrano Polo ground to-morrow morning at 10 o'clock sharp.

There will be a practice game of polo on the new field of the Quilmes Club to-morrow at 2.30 p.m. sharp. Players are requested to be punctual.

A case which, no doubt, is unprecedented in the annals of love and marriage happened the other day in the family of a hotel proprietor in Lubeck (Germany), whose six children, four sons and two daughters, were betrothed in one day. The half dozen happy couples are to be married shortly on the same day.

Dear STANDARD,

Another Disclaimer! As a paragraph which appeared in your Editor's Table this morning is very likely to lead to some mistake, I should like to point out that the gentleman referred to in said paragraph, as signing himself "Broughne," is in no way connected with *this* firm, which signs simply and solely—

The Teneriffe cigars are now so much fancied that our advertising friend of the Teneriffe Cigar Shop in Calle Cangallo, near the Victoria Tea Rooms, informs us he has wired for a full cargo of the delicious weed. In these times of crisis, the public are rapidly falling back on the cheap and mild Teneriffe, an excellent substitute for the more aristocratic Havannah.

The new Font for Baptism at the Scotch Church will be used for the first time to-morrow at the forenoon service.

In another column we publish the programme of a performance at the Odeon Theatre on Monday next for the Organ Fund of St. John's Church; a concert and the Tableaux Vivants, which, by general request, are to be repeated. The few children who witnessed the performance on the 19th inst. were so delighted that we recommend Paterfamilias and Mrs of that ilk to take their children to the Cazuela: only $2.50 for boys and girls, ladies and men.

We are happy in being able to announce that our friend Dr. Reynal O'Connor, of 430 Calle Suipacha, who is so well and favourably kuown in Irish circles and to the public in general, has just added to his consulting room furniture splendid electric and magnetic machines from New York and Paris, for treating brain disease, rheumatism, gout and nervous disorders, as applied daily in Europe by such eminent physicians as Charcot, Frederich, Weir, Mitchel and others with excellent results in the diseases named. There are so many sufferers here from rheumatism, nervous headache, depression of spirits, dyspepsia, insomnia, palpitation, loss of memory, etc. they will all be glad to hear of Dr. O'Connor's new importations.

We learn that "Ours" will be performed some night between the 23rd and 28th of November for the benefit of the Boys' Orphanage. The rehearsals are now in full swing in the theatre at Flores. Amongst the talented amateurs who will take part are Mesdmes. Miller, Scott-Robson, Miss Anderson; Messrs. Miller, Woolley, Anderson Howard, Guy and Jones. There will be a military band behind the scenes; and our prophetic soul tells us that "Ours" will be a great success.

A man named Galan, who had broken his promise of marriage to a young Spanish girl, paid dearly for his treachery on Thursday evening. While he was at dinner with his employer in a cake-shop in Calle Reconquista the girl slipped in and dashed a lot of vitriol over both. They yelled in an awful way. Galan will be blind for life, if he survives, and the poor "patron" is in a shocking state. The girl also burned herself on the cheeks and hands.

The invitation to the Quilmes Beer party to-morrow put us in such a state of impatient good humour that we yesterday anticipated the pleasure by 24 hours, and put it down for to-day. To-morrow, Sunday, is the day; and we'll quaff an extra "bock" to the prosperity of the Q.B., to atone for our involuntary error. If pressed gently, we'll quaff two.

Awful! The Wise Men of the city are going to start a corps of shorthand writers to report their speeches in full. Better start a special organ to publish them also.

The Operaria Mecanica appears to be going ahead. It has $1,484 on the right side of the ledger, and booked 64 new members at its last sitting; when Mr. Thomas Robertson was named Protecting Member and Mr. Edward Campbell honorary member.

An umbrella is an awkward article to handle in a hurricane; harder to manage than a good ship. During the gale at Montevideo on Wednesday Mr. Henry Muñoz, while struggling to attend to himself, his hat and his umbrella at the same time, managed to almost put out one of his eyes with the stick of the "paragua." This shows what a really first-chop "pampero" can do in the way of turning things inside out and upside down.

The Argentine Wiggins told us yesterday that heat will now come in with a leap and bound, and that it is time to look up white hats and vesikits and summer toggery in general.

The Zarzuela Theatre has made a tremendous hit by combining comic opera and ventriloquism. The house is crammed every night. O'Kill is certainly the greatest ventriloquist in the world. We remember all the celebrities in his line for the last 40 years, and not one of them could hold a candle to him.

The *M. V. T.* and Mrs. Grundy are again at loggerheads. Our contemporary says:—"We are once more in trouble with Mrs. Grundy. The good old hag considers our frequent use of the words lie and liar in our article of yesterday as unparliamentary and coarse in the extreme. Such an article, she says, would be extremely shocking to any well bred young person and quite unfit for reading aloud in a drawing-room. We are sorry for Mrs. Grundy, but in this instance we cannot give way to her, the more especially as our article was written for men and women and not for Mrs. Grundy's bread-and-butter misses, nor to be read aloud in drawing-rooms. If Mrs. Grundy wants "polite" literature and sky-blue euphemisms, we regret that we are unable to supply her. We are not built that way." Hot this for a lady; but we have heard that Mrs. G. frequently dons man's attire in Montevideo, and this may have lent additional vigour to our colleague in addressing her.

A lawyer sent a very heavy bill to a woman whom he wished to marry. As she made some severe remark on the matter, the lawyer replied: "I wish to show you how lucrative is the profession of a barrister. You can see for yourself in what a profitable business I am engaged."

Another Royalty for Chicago. The Prince of Wales and family are booked. Who next? Shake up the Czar Jonathan, and ask him to dinner. He's a good fellow and will go.

In Montevideo they are all dumbfounded at the alleged success of the loan on which they have been leaning so long, and President Herrera looks 20 years younger and has put on a cock-of-the-walk appearance long a stranger to him. It appears that it is a London, not a Paris syndicate that has taken up the business. All financial operations end in London, as all roads lead to Rome.

We are asked to remind the members of the Lomas Academy Athletic Club of the General Meeting to take place in the Lomas Academy, Calle Laprida, at 8.15 this evening.

Aultman's

read: we see that locusts played sad havoc with the crops of the estancia, viz:—

Wheat.....	1,131	hectares
Oats.....	256	,,
Maize.....	800	,,
Alfalfa seed	150	,,

Out of an expected return of 1,500,000 kilos wheat the crop only gave 208,694 kilos. Locusts ate 1,600,000 kilos of maize crop. There is at present under cultivation—

Wheat.....	1,200	hectares
Oats.....	185	,,
Linseed....	57	,,
Maize	400	,,
Alfalfa seed	150	,,
Various.....	82	,,

The harvest this season promises splendid results. Owing to the damage done by the locusts, the profits of the year were carried to the reserve fund and about $24,000 gold wiped out for wear and tear of machinery and agricultural implements. The estancia has in live stock—

21,130 cows
4,284 horses
28,462 sheep
164 pigs.

All the above are animals of good breed, the crossing of animals having been cared for many years. The sheep gave an increase of 63 %, a very large ratio indeed. The shareholders gleaned from the report that a favorable year is in store to recoup all the losses of last year. The meeting resolved to grant to the Tramway Rural the land necessary for passage at the corner of the Company's splendid "invernada" inside. The shareholders then proceeded to elect two directors, and Viscount Obert and Mr. William F. Mulhall were elected unanimously. Mr. Fels thanked the shareholders for their approval of the report and ventured to promise more satisfactory figures next year. Mr. W. Mulhall moved a vote of thanks to the Board, and the meeting broke up.

Mr. Noetzlin is at present in Buenos Ayres and intends fixing his residence in our midst for some time.

A well-informed correspondent writes from the Mount that there is nothing in the Empresitio Milagroso revived by the Herrera Government.

Mr. Clark Curtin has been appointed correspondent of the National Board of Marine Underwriters, New York, and of the Board of Underwriters of New York.

A lot of bad, inferior wool is now arriving in the markets: these kinds cannot expect more than 5 to 6$^{50}/_{75}$. Good qualities were sold to-day with some difficulty at 7 to 7$^{1}/_{2}$: eight dollars per 10 kilos to-day means a very fine, exceptional wool in specially good condition. Nine dollars for cross-Lincoln means a "pasto fuerte," very light and "semilla" parcel. Barraqueros who hold old wool are offering same to all buyers at low prices; yet, in spite of the fall in prices, buyers will not touch them.

Old wools, we may say, are a drug in the market; they can only be moved off with great difficulty. Wools which were deposited when 10$ per 10 kilos were offered, are now knocked about at 7$^{50}/_{75}$.

Messrs. Duggan sold this morning 18000 kilos of North wool at 6.50 to 6.80$ per 10 kilos. Sixteen thousand kilos from Dr. Alzaga's estancia were sold at 7.80$: this parcel fetched 13$^{50}/_{75}$ last year.

Cheques of the National Bank closed to-day at 9 to 10% discount: those of the Provincial Bank at 32½ % discount: Bonos of the La Plata Mortgage Bank were quoted at 19.20% of their face value.

In political circles it is said that in the Senate there is decided dissatisfaction with Minister Romero's choice of Directors for the Board of the Banco de la Nacion; furthermore, it is dreaded that this dissatisfaction may defeat the Minister's scheme of handing over the liquidation of the National Bank to the Banco de la Nacion. With regard to the Board of Directors proposed by the Minister to the Senate, the opinion in the market is unanimous, that individually no better names could be found. Some objection may be raised on the plea that some nationalities are left without representation, or that others have too much or not sufficient; but all agree that the names are excellent and the impression produced on the market is favorable. With regard to opposition to the liquidation of the National Bank at the hands of the Banco de la Nacion, there may be some political aim at the bottom of the affair; but the market views the Ministerial measure or scheme as an economy and therefore most plausible.

Half the Bolsa adjourned to the Central Station at half-past twelve to witness the departure of the National Interventor, Dr. Don Eduardo Costa, for Santiago del Estero. The Station was filled with Senators, Deputies, bankers, merchants, brokers, officers, soldiers; and such was the squeeze that the special train could not get off at the appointed time—a delay that may mean much for our friends in Santiago. The National Interventor was installed in the magnificent gala carriage of the Buenos Ayres or La Plata Government, specially bordered in the Sardanapulus times of five years ago; we doubt if the Czar of Russia travels in a more luxurious apartment. A whole regiment is sent up with the Interventor, and to-morrow at mid-day order ought to be restablished in the rebel city and province. Crowds of friends flocked to the station to wish Dr. Costa success in his delicate mission, which looked threatening enough with all the pomp and circumstance of war around him. It was rumoured at the time the train was starting that another train was leaving the La Banda station in Santiago del Estero with rebel troops to fight the supporters of the deposed Governor at Gramilla.

The cheques of the National Bank improved to 8% discount in the evening.

Telegrams from London announce another rise in Argentine stocks, on the strength of the favourable turn in politics here.

The wool sold yesterday at the Central Produce Market by Don Patricio Ham was from La Choza estancia, belonging to Mr. Peter Ham, and the price paid was 7.70$ $^{50}/_{75}$ per 10 kilos.

Both wool markets are in a dull condition. North wools ranged this morning from 6.40 to 7$; Lincoln-cross North wools at 7 to 7.50$. The general condition of wools is bad, full of old "caretilla" and "cepa de caballo."

The railway companies which issued a notice some time ago that wool would only be received in double "lienzos," have now gone back on their step, and have decided to accept wool in single "lienzos," on condition that they are well stitched. The companies have listened in this respect to the well-founded complaints of consignees that it would be impossible to supply double "lienzos" to all the farmers.

Advices from the North of the province state that the storm has caused no losses of any consequence in the shorn flocks: as much cannot be said of the South.

The gold market was weak this afternoon, but prices did not fall. Ten thousand ounces were sold for to-morrow: the price opened at $50.30 and closed at $50.40, same price as in the morning. To-morrow being weekly settlement day and the eve of the monthly set lement, a heavy day's business may be anticipated. Stocks and shares were dull at the second ring.

The following is a summary of the business effected in stocks and shares at the second ring to-day:—

A friend writes from Frias station, on the Central Cordoba Railway:—The indefatigable Manager, Mr. Duncan M. Munro, is on a tour of inspection along the whole line. It rained here consecutively for four days and nights, which has done a world of good to the vines and cane-sugar, besides filling the Albigasta river for future use. The revolution in Santiago has not affected prices in anything, as it is the most non-political villa in the world; it is a local affair that will not affect any person or thing outside of the town of Santiago itself, which only recognises politics as its capital and stock in trade.

The Finance Minister issued two decrees to-day; one annulling that of 1890, prohibiting the quotation of gold, and another annulling that which only allowed exchange to be drawn in paper.

The Finance Minister issued another decree cancelling the contracts for leveling and paving the Madero port.

Paper Money.

Projectors every now and then start up with plans for curing all the economical evils of society by means of an unlimited issue of inconvertible paper. There is, in truth, a great charm in the idea. To be able to defray the expenses of government without taxation, and, in fine, to make the fortune of the whole community, is a brilliant prospect, when once a man is capable of believing that printing a few characters on bits of paper will do it. The philosopher's stone could not be expected to do more.

The substitution of Paper for metallic currency is a national gain: any further increase of Paper beyond this is but a form of robbery.—*John Stuart Mill on Inconvertible Paper Currency.*

THREE GOOD REASONS.

Why Sheepmen everywhere should use

Alexander Robertson's

HIGHLAND SHEEP DIP.

Best Summer Protection for Sheep.

Cures Scab.

Exterminates Vermin.

First.—It is an honest preparation. I publish the formula of its composition openly. I make no attempt to trade on the credulity of my patrons, who, with the formula before them, can form a shrewd opinion of the efficiency of the "Dip" and its value in Cash. I range myself alongside the Farmer, and make his interests my own.

Second.—It is a reliable sheep dip. That it Kills Vermin goes without saying—any Sheep Dip worthy the name will do that; but the Highland Sheep Dip does more,—it has a continuous destructive effect on all insects hatched after Dipping, and largely prevents future contagion from infected sheep. The strongly adhesive nature of the Rosin and Grease, which are the most powerful Waterproofing materials possible to introduce into a sheep Dip, "fix" the Dip in the fleece, forming, when dry, a film capable of resisting moisture, on every individual fibre of the fleece, so that when the fleece has been soaked by rain the sheep easily frees itself from all superabundant moisture by a simple shake.

Third.—It is the most economical Dip. For $1.75 gold Makers of Powder Dips give about 10 lbs. of Powder. This quantity of Yellow Powder Sheep Dip contains 2 lb Arsenic, 2 lb. Soda, 6 lb. Sulphur. These Dips kill vermin certainly; but their use is disastrous to the farmer—the harsh, dry feel of the sheep's fleece shortly after being bathed in these Alkaline Dips arises from the fact that the wool has been Robbed of its Natural Gresse, which the Soda has converted into Soap, which, in turn, is washed out by rain. The farmer suffers a corresponding loss in the weight of the Wool, and the Sheep, robbed of Nature's protection, is left defenceless against cold and rain.

Soluble Fluid Dips—whose name is legion, though their nature is one—have an average cost of $1.30 gold per gallon, and consist of tar Acid Oil (25o/o), 6 lbs. Soap, Soda and Water 4 lbs. These Dips have to be used at nearly double strength to kill vermin, even then they have no effect on the eggs; and, indeed, from the volatile nature of Tar Acids their effect can never be anything but temporary, no matter what strength they are used. The one thing in their favour is their free solubility in cold water, which is but a poor return for the need of greater frequency of Dipping, or the other alternative of flocks suffering from the effects of a temporary Dip.

The highland Sheep Dip contains in each 15 lbs. (1½ gallon), costing 1.75 gold 2 lbs. Arsenic, 6½ lbs. Tar Acid Oil (25o/o), 2 lbs. Carbolic Acid (95o/o) 4½ lbs. Rosin, Grease, etc., i.e., all the Arsenic in 10 lbs. Powder Dip, and all the Tar Acids in 2 gallons Fluid Dip, these insecticides being combined with materials of unrivalled Waterproofing Power.

No other Sheep Dip Maker in the world has ever put an equally serviceable preparation in the hands of Sheep Farmers, or has given an equal value in material for the price charged.

A SPLENDID PROPERTY

In the heart of the city

By dissolution of partnership

Magnificent position

1574--ALSINA—1574

between Lorea & Zeballos

8 3/4 yds. front by 55 deep

(altos y bajos)

18 rooms, solidly built IN TWO STORIES, tram at the door and corners.

Plastered ceilings and boarded floors.

The inch of land is worth gold in that locality.

Barely 10 squares from Plaza Victoria.

Two modern houses, in excellent condition, to produce a good monthly rent.

These houses have produced up to $600 per month.

The first story is actually let and gives $200 per month; the 2-stories can easily produce over $450 per month, and the upset price for the sale is

$22,000 m|n legales

!!!Ridiculous!!!

It is only by the chance of a dissolution of partnership that such an opportunity as this could arise, and it behooves all, rich and poor, men of business and speculators to take advantage of this occasion

The rich man: to live in a good quarter.

The poor man: to have a sure and positive source of income.

Business men: to speculate and quadruple their capital.

On Tuesday 1st of November

(Feastday)

at 4 o'clock sharp

I will proceed to sell by public auction by order of the owners with the upset price of $22,000 m/n, this magnificent property which can be seen any day from 8 o'clock a.m. to 6 p.m. Although the first story is let, the house can be freely visited.

The purchaser will pay 5 o/o when signing the boleto, as a guarantee of the purchase.

IMPORTANT AUCTION OF LAND

In the Province of

MENDOZA

10 square leagues of splendid camp in the Departamento 25 de Mayo

(formerly San Rafael), Prov. of Mendoza

Attention, Speculators.

On Wednesday November 2d

at 3 o'clock in the afternoon

In my Rooms

566--PIEDAD--566

I will offer for sale by order of the owner these 10 leagues of camp, say 25,000 hectares at the absurdly low basis of 0 60 (sixty) cents per hectare or fifteen hundred dollars m/n.

$1,500 m|n per square league

These camps are situated one league from Rio Diamante.

The camp is splendid for cattle, agriculture and vineyards. The projected railway from 9 de Julio (Province of Buenos Ayres) to San Rafael (Province of Mendoza) will soon pass through these camps, the earth works being already made.

These are the best camps of 25 de Mayo bought years ago by Mrs. Nicolasa Ortega de Passo.

Contiguous to these camps are those of Messrs. Emilio Wenk, Eufemio Godoy, Elias Godoy, Nicolas Villanueva and N. Patry, who have paid 10 times more than the basis of $1,500 per league, for which I now offer for sale these camps. It is a good investment.

Purchasers have option to take 1 2, 3 or more leagues and even fractions of league.

The first purchaser will have the option to the ten leagues.

For plans, other details, informations and to inspect the title deeds which are perfect, please call at my offices

Campo en Córdoba

La mitad de la estancia denominada El Chato.

16,427 hectareas de magnifico campo dividido en 20 lotes de 625 hectareas cada uno y otro de 3987 hectareas. Campo de superior calidad para la agricultura, rodeado de importantes Establecimientos formados en la Estacion Ausonia del F. C. de Villa Maria a la Carlota y Rufino, cruzado por el arroyo San Jose y conocida por de Cabral, de agua permanente.

Tiene la lotes de algarrobo y en el distrito existen los grandes alfalfares de los Funes, Diaz y Ca. y las colonias de Dominguez, Ortiz, Ferreyra y otros. Con la infima base de pesos 10 hectarea.

El Viernes 4 de Noviembre a las 2 p.m. en nuestra casa Alsina 480 y 482, remataremos por orden terminante de su dueño el magnifico campo mencionado, cuya ubicacion no puede ser mas importante, pues solo dista 3 leguas de las Estaciones Villa Maria y Ballesteros del F. C. C. Argentino e igual distancia de la gran Estacion Villa Nueva, cabecera del ferro-carril de este punto a la Carlota, y a solo 25 cuadras de la Estacion Ausonia del F. C. a Rufino.

Tenemos de este campo los mejores informes: hace 150 años que esta poblado; abunda la gramilla y el trebol; rodeado de Colonias e inmejorable para la agricultura. Actualmente hay 8 puestos arrendados sin contrato.

El arroyo Cabral que mencionamos no tiene ahora gran caudal de agua por estar estas interceptadas por un tajamar cuya destruccion no se ha pedida hasta ahora por estar salpicado de lagunas permanentes

Como se ve por los datos que dejamos expuestos, este campo reune condiciones inmejorables tanto por su calidad, pastos y aguadas, como por su ubicacion y faciles medios de vinibilidad y transporte.

Llamamos por tanto la atencion de los ganaderos y agriculturas por la infima base de la venta; 16$ la hectarea y el fraccionamiento en lotes que permite distribuirlos a los pequeños capitales. Todo comprador sin excepcion abonara el 5 o/o al firmar el boleto.

Por planos y mas datos ocurrir a nuestra casa Alsina 480 y 482.
